

Strengthening Nursing and Midwifery to Achieve Health for All

About the Institute

The National Institute of Health and Family Welfare is a premier autonomous Institute, funded by the Ministry of Health and Family Welfare, Government of India. It has kept pace with the new thinking and substantially contributed to the health manpower development in the country. NIHFW serves as an apex 'technical institute' as well as a 'think tank' to promote national health and family welfare programs in the country through education and training, research and evaluation, consultancy and advisory services, specialized projects, etc.

Introduction

Nurses and midwives representing the largest section of healthcare workforce are the important drivers of any healthcare system. By virtue of its proportion and potential, the nursing and midwifery profession has the unique ability to provide effective care across the broad continuum of healthcare. In order to ensure that nurses and midwives can practice to their full extent of potential, it is essential to provide them with the opportunities for building and adopting leadership positions in healthcare system. The World Health Organization. (WHO) in collaboration with the International Council of Nursing, also announced 2020 as the 'International Year of the Nurse and the Midwife' and Nursing was launched the Nightingale Challenge 2020 as a celebration to mark 2020 Year of the Nurse and the Midwife. This challenge aims to work with healthcare employers worldwide who between them will enable 20,000 young nurses and midwives to join leadership and development programmes and build their skills as practitioners, advocates and influential leaders in healthcare. It is aimed that building global leadership of this most important workforce will be crucially important to achieve the objective of universal health coverage by 2030.

General Objective

To build the leadership competencies of Nursing and Midwifery and build their skills as practitioners, advocates and influential leaders in healthcare.
