## Genesis

Qualified, accessible, and responsive Human Resources for Health (HRH) can make a major impact on the health of the population. There is consensus globally that proper management of human resources is critical in providing a high quality of health care. In order to achieve the Universal Health Coverage (UHC) and Sustainable Development Goals (SDGs), equitable access to skilled and motivated health worker within a performing health system needs to be ensured. The need of the hour is to identify the strategies for optimizing the workforce in the health sector in India for achieving UHC and SDGs. With this Genesis in the focus, NIHFV endeavors to organize the 'Global Conference on Human Resources for Health: Optimize the Workforce in the health Sector in India' from 3rd to 5th December 2020 in New Delhi.

## Objectives

- 01 Advance the implementation of the Global Strategy on Human Resources for Health and the Commission's recommendations towards achieving Universal Health Coverage and the Sustainable Development Goals.
- 02 Promote innovations in policy, practice and research.
- 03 Promote the engagement of HRH stakeholder groups in learning, knowledge sharing, networking and collaborative actions.
- 04 Highlight the State perspective, of both public and private partners, and their constraints and strategies to develop human resources.
