28th Annual Conference of Indian Society for Medical Statistics

CONTENT

Technical Session IA- Statistical & Epidemiological Modelling in Health Research			
S.No.	Title	Author	Page No.
1	Effect of Correlation Structure in Generalized estimating Equation and Quasi Least Square: An application in Diabetes Patient data	Atanu Bhattacharjee and Dilip C Nath	1
2	Growth Curve Modeling of Under Five Rural Males- A Non-linear Mixed Effect Models Approach	Guresh Kumar	1
3	Non-Parametric Regression	K. G. Selvaraj	2
4	A Family of Continuous Distributions	Kishore K. Das and Tanusree Deb Roy	3
5	Changing Pattern of Covariates of under 5 Mortality in Northeast India	Madhusudan JV, Kh. Jitenkumar Singh & Jeetendra Yadav	4
6	Modeling CD4 count using Generalized additive models for location, Scale and Shape (GAMLSS)	Selvaraj V. K. Boopathi and R. Prabu	4
7	Bayesian Hierarchical Model for comparing treatment outcomes in clinical trial	Ponnuraja C and Venkatesan P	5
8	A Comparison of Generalized Linear and Zero Inflated Regression Models in Analysis of Dental Caries Count Data	Parameshwar V. Pandit and Dr. S. B. Javali	6
Technical Session IB- Medical Statistics in Hospital Management			
9	Average length of stay in hospitals - Choosing an appropriate method	B.Senthilkumar, A.Venmani, R.Ramakrishnan	6
10	Health Status of Elderly Patients of Bangladesh: A Study from Government Hospitals at Dhaka City	M. Nazrul Islam and Dilip C. Nath	7
11	Uses of Hospital Cancer Registries Data in the Setup of Developing Countries	Murali Dhar	8
12	Record Based Data Evaluation of 108-Ers - A Help to Know the Pattern of Emergencies in Madhya Pradesh	Neelam A Toppo ¹ , Ajeet Singh Bhadoria	9

Souvenir

28th Annual Conference of Indian Society for Medical Statistics

13	A Study on Management of Healthcare Services Research Methods and Model	Nenavath Sreenu	10
14	RNTCP treatment protocol practice among general practitioners of Ranchi, Jharkhand	Prakash Bahadur Chand, S. B. Singh, S. Haider	11
15	Assessment and Management of Chronically ill patients of Bhopal Gas Disaster	Sushil Singh and N.Banerjee	12
16	Implementation Status of BMW rules, 1998 in the District Health System of Ghaziabad	Parpe R, Das J K, Misro M M	13
Technical Session IC- Non Communicable and Vector Borne Diseases-I			
17	Pattern of Anthropometric Factors and the Risk of Breast Cancer among Women in Kerala: A Case-Control Study	B Binukumar, Aleyamma Mathew and B Rajan	14
18	An Epidemiological Prevalence Study of Cancer in A Rural Area of Maharashtra – The Pravara Rural Cancer Registry Study	Hemant J. Pawar, Rajeev Shrivastava	15
19	Effect of tobacco use and smoking on human health, Risk factors in desert districts of Rajasthan: A Pilot Study	J. Lakshminarayana, Madhu B. Singh and K.R. Haldiya	16
20	Prevalence of risk factors for cardiovascular diseases in slum residents of Pune city, Maharashtra aged between 20 to 60 years	Kheya Melo Furtado, Eliza Dutta and Anita Kar	17
21	Sada Pan Masala: An underrated risk factor for oral sub mucous fibrosis	Manish K Singh, D Mehrotra, Shambhavi Singh, Ashish Awasthi, R. N. Mishra	18
22	Study on Hypertension and Cardio-vascular Diseases among Elderly Population and their relationship with various risk factors	Nilanjan Gangopadhyay, Pratyay Pratim Datta, Dwaipayan Mojumder, Bhaswati Sengupta	19
23	Tobacco and Non-Tobacco Abuse among School Children in NOIDA (UP)	RajNarain, Sarita Sardana, Sanjay Gutpta and Ashok Sehgal	20

Souvenir

28th Annual Conference of Indian Society for Medical Statistics

24	The Relationship Between Body Mass Index and Patterns of Smoking among Males aged 20 Years and above – A Rural Study in Tamil Nadu	Royce Kurian, Anil C Mathew, Akshaya K M, Thomas V Chacko	21
Technical Session II A (HIV/AIDS and RTI/STI)			
25	Awareness of Dengue and chikungunya among unorganized sector worker living in a slum Chetla, Kolkata	Dwaipayan Mojumdar, Pratyay Pratim Datta, Nilanjan Gangopadhyay, Alok Vajpayee & Omkartnath Chattopadhyay	22
26	Charaterization of Clients of Female Sex Workers by Choice of Locale	N. Ramalingam, V.Selvaraj; K. Boopathi	23
27	Non Adherence among HIV/AIDS patients taking Antiretroviral under National ART programme at Delhi, India: A cross sectional study	Sanjay Sinha, M Bhattacharya and S. V. Adhish	24
28	Health risks among a group of female sex workers of Agra (UP), India: Implications for HIV/AIDS/STDs prevention	V. S. Yadav and T. Hussain	25
29	Truncated poisson approach to estimate the size of High Risk Population for HIV in diverse locations	K. Boopathi and V. Selvaraj	26
30	Awareness of HIV and its Risk Factors among Pokhara Residents	Vivek Kiyawat, Brijesh Sathian, Rachit Chawla, Ashvita Garg	27
31	Vulnerability to HIV/AIDS in outmigrant workers of rural areas of UP	Dr. Madhulekha Bhattacharya, Dr. Kavita S. Agarwal	27
Technical Session II B Reproductive and Child Health			
32	Triangulation of Data - An Approach for Rapid Appraisal of Public Private Partnership in M.P	D.K.Pal, Ajeet Singh Bhadoria & Neelam A Toppo	29
33	PHC Facility of demographically weak districts- An assessment	R.J.Yadav, Arvind Pandey, Tulsi Adhikari, T.P.Ahulwalia, Atul Juneja & Padam Singh	30
34	An assessment of the functioning and impact of Janani Suraksha Yojna in Sikkim	Rajkumari Sanatombi Devi (Ms)	31

Souvenir

28th Annual Conference of Indian Society for Medical Statistics

35	Correlates of menstrual problems among unmarried girls in Chandigarh	Dinesh Kumar, NK Goel, Sonia Puri, Rambha Pathak	32
36	Reproductive behavior of Couples in Urban Slums of Chandigarh, India	Dinesh Kumar, Naveen K.Goel, Neeraj Agarwal, Munesh K.Sharma	33
37	Does better Accessibility Ensure Equity in Utilization of Public Health Services?	Neelanjana Pandey	33
38	A Study on MAMTA scheme in Delhi	LK Piang, KS Nair, V.K Tiwari, Sherin Raj, Tarun Goel and Bacchu Singh	34
39	Evaluation of Rashtriya Swasthya Bima Yojana in Haryana	K.S Nair, Tarun Goel, Sherin Raj and V K Tiwari	35
40	Domestic Violence in India-The Social Determinants and Risk Factors: A Community Based Study	Meerambika Mahapatro	36
41	Attitude and practices of exclusive breastfeeding (EBF) and factors influencing these in an urban slum of Delhi	Kumar S *, Gupta S **, Nandan D***, NIHFW, New Delhi	36
Technical Session II C			
Medical Statistics in improving Health - I			
42	A Logistic Regression Analysis for assessment of age and gender factors: A pilot study for estimation of Leprosy in Bareilly ,UP	Abha Aggarwal, Arvind Pandey & Anita Agarwal	37
43	Prevalence of disability in Haryana during 2009	Anil Kumar and Sajid Hussain	38
44	A Meta-Analysis of CSF Biomarker's in Diagnosis of Alzheimer's Disease (Ad)	CB Tripathi and Agarwal Rachna	39
45	Distinctions to be Considered in the Analysis of Recurrent Event Survival Analysis	Naseema. S	40
46	Analytical approach towards the study of prevalence of chronic infectious diseases: Bacillary Tuberculosis	Tyagi NK and Narang Mrs P.	41
47	Proximate Determinants of Zero Truncated Dental Caries Experience	N. V. Gudaganavar, Parameshwar V. Pandit and S. B. Javali	42

Souvenir

28th Annual Conference of Indian Society for Medical Statistics

48	Differentiation of Positive and Negative Health Oriented Subjects by Discriminant Analysis	S. B. Javali and Parameshwar V. Pandit	43
49	An Investigation into Socio-economic Differentials of Hypertensive men and women in selected cities of India.	K. Mathur, A. Mukherjee and R. Mittal	44
Technical Session III A			
Statistical & Epidemiological Modelling in Health Research- II			
50	Some mathematical and statistical models for generating human embryo/fetus growth data	S C Mehta	45
51	The Transmission Disequilibrium Test for Quantitative Traits : Univariate and Multivariate Models	Saurabh Ghosh and Tanushree Halder	45
52	Bayesian analysis of structural equation models for Tuberculosis data	Venkatesan P and Vasantha M	46
53	Bayesian CAR model for temporal changes of tuberculosis	Venkatesan. P and Srinivasan. R	47
54	Two stage sampling design for estimation of age specific morbidity rate and total morbidity rate in the slum pockets of Guwahati city with special reference to reproductive morbidity	Dillip C Nath & Aditi Das Deka	47
55	Sikkim, the Second Smallest State with A Population of 540,851 Tops the Highest Suicide Rate in India! Why?	Rajkumari Sanatombi Devi (Ms)	48
Technical Session III B			
Medical Statistics in Improving Health-II			
56	Spread and Risk factors of Alcoholism in Educated Youth in Nepal	Aditya sunka, Brijesh Sathian, Rashad Rahib	49
57	A statistical evaluation of threshold value of 25 (OH) D3 (Vitamin D) below which Parathyroid Hormone (PTH) levels start rising	Ajit Mukherjee, Ajit Mathur	50

Souvenir

28th Annual Conference of Indian Society for Medical Statistics

58	Spatial and Seasonal distribution of Kala-Azar cases in Bihar	N.A. Siddiqui, A.Ranjan, R.B.Verma,V.N.R. Das, N.Kumar,K. Pandey,V.P. Singh and P. Das	51
59	Role of Substance Use on Anger, Aggressive Behavior and Quality of Life	P. Marimuthu, M.K. Sharma., L. N. Suman & Pratima Murthy	51
60	An epidemiological study of major depressive disorder	Runjun Phookun (Ms) & Pranita Sarmah	52
61	A study of socio-cultural practices related with malaria and its control in Thar Desert	SP Yadav and Yadav, S	53
62	A Bayesian Approach to Estimate Tuberculosis Transmission Parameters from Genotype Data	P. Venkatesan	54
63	Monitroing and Improving Health Systmes using various health systems data sets	Tej Paul Ahluwalia	54
Technical Session III C			
Non Communicable and Vector Borne Diseases- II			
64	On Further Classifying Excess Zeros Using Zero Inflated Models	Alok Kumar Dwivedi , Rakesh Shukla , MB Rao, Sada Nand Dwivedi , S.V. S. Deo	55
65	Relationship between cervical cancer and tobacco related cancers	Atul Juneja, Arvind Pandey & Tulsii Adhikari	55
66	NRHM and the trend of Malaria in Kokrajhar District of Assam	Dimacha Dwibrang Mwchahary	56
67	Description and evaluation of Pilot Hypertension Control Project in Two district of Tamilnadu	Govindhasamy.C, Rajkumar Prabu, Stanley Michael	57
68	Epidemiological Profile Of Diabetes Patients In North Indian Population	M K Pandey, A P Awasthi,Dr. Sheela Mishra	58
69	Association between the Overweight and its risk factors in Lower Economic class workers of Pokhara Valley: A Cross-sectional study	Rashad Rahib, Brijesh Sathian, Aditya sunka	59
70	Breastfeeding and Risk of Breast Cancer- A Meta Analysis Approach	Shashi Sharma, Subhash Agarwal and Ashok Seghal	60

Souvenir

28th Annual Conference of Indian Society for Medical Statistics

71	Risk factor profile for chronic non-communicable diseases : A community-based study in Haraya, India	Deepak Pathaania, SK Ahluwalia, Rambha Pathak	61
72	Rural Health Statistics in India: Past, Present and Future	Vandana Tamrakar	62
Technical Session IVA			
Bio-statistical & Epidemiological methods in Health Research			
73	Over and under estimation of OR_{MH} under systematic sampling of controls in stratified case-control studies and its improvement	A.K.Dixit and F.Ansari	62
74	Comparison of thorough QT (TQT) Statistical Analysis Methods	Arumugam Ramasamy, Jared Schettler, Mili Natekar, Deepak Manohar	63
75	Bayesian Analysis of Covariate Based Hazard Models with Scale Invariant Loss Function and using Confluent Hypergeometric Prior	Dinesh Kumar	64
76	Statistical Methodology of Large Population Based Health Survey: A Study and Evaluation	Himanshu K. Chaturvedi, Jiten Kumar Singh & Arvind Pandey	64
77	Application of Clustering methods to identify groups of genes with similar expression profile	P.Venkatesan and Ms.Tintu Thomas	65
78	Population Attributable Fraction in epidemiological studies	Rajesh Kr. Ahuja	66
79	Mode of Analysis : Matched or Unmatched analysis of Matched Data.	L. N. Gaur	66
Technical Session IV B			
Medical Statistics			
80	Awareness of Communicable Diseases among the Eligible Couple of Sikkim	Rajkumari Sanatombi Devi (Ms)	67
81	A Study of Selected Chronic Diseases and Associated Risk Factors among Government Employees in Urban Lucknow	Nitin Datta and Sayeed Unisa	68
82	Trend of mosquito borne diseases in India	K.T.Harichandrakumar & Ajit Sahai	69

Souvenir

28th Annual Conference of Indian Society for Medical Statistics

83	Morbidity and Mortality due to Natural Calamity and Vector Borne Diseases in Orissa	Prabhaker Mishra, G.K.Panda, Ranjana Kar & L.N. Sahoo	70
84	Urban Health Statistics in India: A Stochastic Approach	Sujata Verma	71
85	An Overview of Nonparametric Methods	Kulwant Singh Kapoor	71
86	Misuse of Statistics in Medical Research Literature	Shahina Begum	72
87	Application of Biostatistics in Research by Teaching Faculty and Final Year PG students of colleges of Modern Medicine	Alka D. Gore, Y.R. Kadam, P.V. Chavan and G.B. Dhumale	73
Technical Session IV C Child Health and Nutrition			
88	Determinants of Neonatal Mortality in Uttar Pradesh	Kalaivani M and Pandey RM	73
89	Normative data and percentile curves for bone densitometry measurements by DXA in healthy Indian girls and boys aged 5-17 years	Neha J. Sanwalka, Anuradha V. Khadilkar, Shashi A. Chiplonkar, Vaman V. Khadilkar, M. Zulf Mughal	74
90	Determinants of Infant Mortality in India: Income vis-à-vis other socio-demographic factors	Nilachal Ray, Amitava Saha and Partha Bhowmik	75
91	Impact of Iron Fortification on Haemoglobin Response in Children: A Systematic Review and Meta-Regression Analysis	Ramesh A, Vishnu Vardhana Rao.M, Madavan Nair.K	76
92	Impact on MCH indicators of Dular Strategy within ICDS project of East Singhbhum, Jharkhnad	S.B.Singh, S.Haider, V.Kashyap, S.Sunderam	77
93	Diarrhoea in Preschool Children – Some Environmental Correlates	VK Srivastava*, Uday Mohan**, SK Singh**, VK Singh**	78
94	Nutritional Status And Blood Pressure Of School Adolescents Of Delhi	Anand T*, Kishore J, Ingle GK	79
Technical Session V A Miscellaneous - I			
95	Hemophilia trends between 1989 and 2005 in Maharashtra, India	Anita Kar	80
96	Comparison of Long-term outcomes between Spousal and	Chinchole S, Hegde U, Gohel K, Gang S, Rajapurkar M	81

Souvenir

28th Annual Conference of Indian Society for Medical Statistics

	Parental Donor renal transplants: Single-Centre Experience		
97	Social Determinants of Depressive Disorder in West Bengal : An Observation of four Districts.	G.K.Pandey, K.A.Firdoush, P.P.Datta, D.Mojumdar and N. Gangopadhyay	82
98	High impact journals in statistics and probability	N.C.Jain	83
99	A Study on Magnitude and Determinants of Aggressive behaviour among adolescents and its Association with Psychological Problems	Pratyay Pratim Datta, Nilanjan gagopadhyay, Dwaipayan Mojumdar, Soumya Deb	84
100	Geographic Information System (GIS) in Public Health: Issues and Challenges	R. C. Bajpai, C. B. Tripathi, H. K. Chaturvedi, N. K. Tiwary	85
101	Assessing the heterogeneity in Survival data	Venkatesan P and Sekar L	85
102	Look- alike and Sound-alike terms in Statistics	M.Thennarasu V.V.Jaichandran, R.R.Sudhir	86
103	Estimating Potential Gains in Life Expectancy by Elimination of cause-specific Deaths (ICD 10) in selected states of India	D. Sahu, Arvind Pandey, B.K. Gulati, RM Mishra, Geetha R.Menon, D.K.Shukla	88
Technical Session V B			
Miscellaneous - II			
104	Simulation study on behavior of loglinear models	Subha P T, Thennarasu K, Subbkrishna DK	89
105	Performance of different missing data analyses in Logistic Regression with missing categorical covariates	Rajeswari Kasturi, Subbkrishna DK, Thennarasu K and Mariyamma Philip	89
106	Nutritional status and blood pressure of school adolescents of Delhi	Anand T, Kishore J, Ingle GK	90
107	Study on Pregnancy, Delivery, and Post-Delivery Complications: Multivariate Approach	M.Bagavandas, Ch.Satish Kumar, Salawu Emmanuel O, Prakash, Manivasagam, Prathap Kumar, Vankatesh	91
108	Study on Performance Variation: A Domain-based Gap Analysis	M.Bagavandas, Ch.Satish Kumar, Prakash, Salawu Emmanuel O, Prathap Kumar, Venkatesh, Manivasagam	91
109	Impact of Climate Change on Health in India: A Review	Harshika Kumari, Vinod Joon	92

Souvenir

28th Annual Conference of Indian Society for Medical Statistics

110	Advanced Methodological Approach in understanding Higher Order Interaction towards susceptibility of Breast Cancer	Mishi Kaushal, Ashwani K. Mishra, B.S. Raju, Rakhshan Ihsana, Anurupa Chakraborty, Jaganath Sharma, Eric Zomawia, Yogesh Verma, Amal Kataki, Sujala Kapur, Sunita Saxena	93
111	An Epidemiological Investigation into Malaria outbreak in Tribal Residential Schools in a Non-endemic Zone of Odisha	Shakti Ranjan Patra, M.M Pradhan, B.B Nanda, B.K Satpathy	94
112	Status of Mental Health in India: Opportunities and challenges	Rajesh Ranjan, Deoki Nandan, Meenakshi, Sanjay Gupta	95
Technical Session VI A			
Miscellaneous - III			
113	Modeling Rare Events in Clinical Trials	A.K. Mathai	96
114	Enthusiasm of Medical Faculty in Teaching Research Methodology and Biostatistics	Ajit Sahai	96
115	Training in Clinical Research-our experience at Mir-IFCR	Anil Joseph, Sandip J, Jayadeep B, Saijin S	97
116	How do health care providers deal with kala-azar in the Indian subcontinent?	Narendra Kumar, Prakash Singh, Dinesh Mondal, Anand Joshi, Pradeep Das, Shyam Sundar, Axel Kroeger, Siddhivinayak Hirve, NA Siddiqui, Marleen Boelaert	97
117	Knowledge and Attitude of School Students towards Tobacco Use	Sarita Sardana, Rajnarain, Sanjay Gupta & Ashok Sehgal	98
118	A study on breast feeding practices among women in rural - Puducherry	V. Senthilvel, S. Sumathi, Zile Singh, V. Jayanthi	99
119	Data mining techniques based on Self Organizing Maps(SOMs)	Venkatesan. P and Mullai. M	100
120	Emperical Comperision of Obesiety Measures for Height-Weight Relationship	Y.K. Sharma, Shikha Anand & T. Zachariah	100
121	Regional Variations of Health Status Among Elderly in India: An Exploration	Pushpanjali Swain*	101
